AUTAVIA 12

The distinctive AUTAVIA Chronographs by HEUER are guaranteed to function perfectly at altitudes up to 35 000 feet or depth of 330 feet under water as a result of a new superpressurized stainless steel case. Bright luminous hands and white recording dials provide utmost legibility under all conditions. All AUTAVIA models have an outside turning bezel with either a 60 minute or 12 hour division. For applications see below.

The **AUTAVIA 12** has 3 white recording dials totaling up to 12 hours.

Ref. 2446 M \$ 119.50*
 with 12 hour recorder and 60 min. division on turning bezel

Ref. 2446 H (not shown) \$ 119.50*
 same as above, however with 12 hour division on bezel

AUTAVIA 45

60 minute division:

Pilots set known timemarks in advance . . . estimated time of arrival, fuel consumption, etc. Skindivers, Sportsmen and Scientists can preset any known timemark.

12 hour division:

Pilots set time-of-day simultaneously in two different time zones e.g. local (or destination) time and GMT. In setting the pointer opposite the hour hand at the start, the ring will show time of trip up to 12 hours and down to $\frac{1}{4}$ of a second.

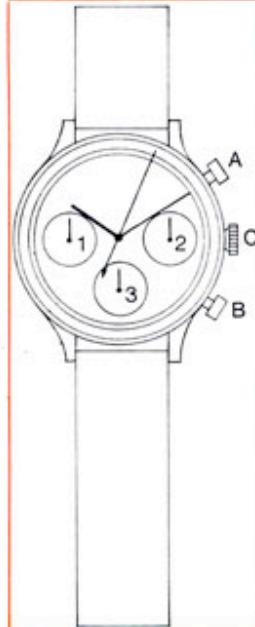

The **AUTAVIA 45** has 2 white recording dials, totaling up to 45 minutes.

Ref. 3646 H \$ 99.50*
 with 45 minute recorder and outside 12 H division

Ref. 3646 M (not shown) \$ 99.50*

The HEUER
CARRERA
Precision
Chronograph
(enlarged)

**Operating HEUER
Wrist-Chronographs**

Time of day is set by pulling out the winding crown C.
The small permanent motion second hand (dial 1) can be hacked in on a standard time signal by holding the hand with the winding crown out.
Start chronograph action by pressing push button A.
Chronograph hands are stopped by a 2nd actuation of push button A.
For continuation of Timing renew pressure of push button A.
All chronograph hands are returned to zero by actuating push button B when hands have been stopped.

Reading:

The elapsed hours and half hours are read on dial 3 . . . found only on CARRERA 12 and AUTAVIA 12. The elapsed minutes are read from dial 2.
The seconds and 1/5 seconds are shown by the chronograph sweep second hand on the graduation of the large dial. The permanent motion hand of dial 1 shows the seconds of normal time.

**8 Reasons why . . .
HEUER chronographs
are best**

- **Combined watch and stopwatch**
In todays fast moving, modern world, time is of essence in sports, play and work. A HEUER chronograph is the only proven wrist instrument providing the combination of a precision watch styled for todays living with a functional split-second timer.
- **Revolutionary dial design**
Dial legibility in the new CARRERA has been improved by incorporating divisions in the outer crystal ring. Recessed recording dial with jumping register hand gives a revolutionary 3-dimensional dial reading.

- **Precision Movement**
The HEUER proven movement is fitted with 17 jewels, double Incabloc shock protection, unbreakable mainspring and is anti-magnetic. Over 270 different quality controls go into every HEUER movement during manufacturing process and each movement is individually electronically time-tested.
- **Functional Operations**
A large knurled winding crown facilitates winding and setting. The heavy duty waterproof, push buttons can be activated even by gloved hands.
- **Over a Century of Experience**
HEUER has been designing and supplying Chronographs and Stopwatches to meet the specialized requirements of the world's most exacting watchowners for over one hundred years. The new CARRERA-Autavia Chronograph line is the latest achievement in the manufacture of precision timing instruments.

- **Styled for every day living**
Modern, waterproof, heavy duty all stainless steel cases are diamond polished to resist corrosion under any environmental conditions. Every HEUER Chronograph case has a precision threaded back fitted with a non-compressable plastic gasket. Push buttons and winding stem have special O-ring gaskets for waterproofness and maximum protection against dust and moisture.
- **20 Models to chose from**
Only HEUER has such a wide variety of modern chronographs for every purpose . . . decimal, tachymeter and black dials, turn-bezel, gold or stainless steel cases.
- **Worldwide Service**
Every HEUER Chronograph is backed by world-wide factory service and parts facilities in over 34 principal countries.

GUARANTEE:
All HEUER Chronographs are manufactured under rigid precision inspection. Every watch is individually tested during five consecutive days in four different positions by expert Horological technicians and finally undergoes the severe testing of the official Swiss Technical Center for Watches.
As a result every HEUER Chronograph is fully guaranteed for one year from date of purchase, against defects in material or workmanship providing crystal, crown, back and push-pieces have not been removed or damaged due to mishandling.
