1957 Omega Speedmaster original CK2915 first generation

This is the Holy Grail of Speedmasters: An original 1957 CK2915-2.

It is in exceptional condition for its age.

This Speedmaster has a cal 321 movement serial # 166485xx which was serviced one year ago by a Master Omega Technician. It is running strongly with all functions operating crisply and exactly. Winding and setting are smooth.

The fully original dial is in very good condition with minor age spotting and fading of the luminous due to age. It looks better than the pictures indicate. All printing is crisp, clear and original.

The hands are original and were relumed in the 1960s by the first owner.

Crystal is Omega and has only superficial scratches, easily removed. The crown and pushers are in similarly good condition.

The bezel is a replacement which was installed at Omega Bienne during a trip there several years ago.

The case and caseback are in nice condition with the usual nicks/scratches expected in a watch carefully used.

The 1035 bracelet with 516 endpieces is original to the watch and is in great shape with its stretch links still relatively tight.

I am the second owner so I have a fairly clear picture of its history. This is a great watch that was well- maintained by its first and second owner and is now ready for a third owner to enjoy without worries.

If I can answer any questions, please contact me and I will attempt to get you the answer.

I plan to continue this auction to the end and would like to keep my reserve to myself.

Thanks for your understanding, and enjoy the auction!

Steve
